

# Attachments

This part of the Project Report will vary from project to project. So here we will not give example of each possible attachment, but we will give an example of list of content of Attachments.

We take the web site and web shop for women that expects a baby as an example.

---

## **List of attachments**

Appendix 1: Images from the web site include web shop that is under development. Includes descriptions of content and how people can use the same.

Appendix 2: List of suppliers for garments and accessories for pregnant women.

Appendix 3: List of books that will be included in the web shop.
