

IT Examples

Please note that this is an example to give you some ideas about it. It's not a complete list even for the theoretical project we take up as an example, but as said it should give you a hint on what to put in your list.

Example

The company that have a software for importers

Software and Apps

Own software for the exporters, development costs 50,000, monthly service and upgrade 4,000

Own software/App to be given free to exporters, development costs 7,500, monthly 1,500

Customer handling software, CRM, 500 per month

Special backup online service, 300 per month

Basic other normal software and apps to use, 20,000 to buy and 1,000 per month
