

Be Visible

The Software Company

You Tube

We will produce a series presenting and then teaching in how to use the two software's. New presumptive buyers can see them to help them to decide, and those that purchased can use them to introduce employees in how to use them.

- Estimated 350 hours work – one time. Then updates whenever needed.

Event

We will arrange an event in connection to exhibitions where we will exhibit. And the same program will be used when we visit cities and organizations where it can be used to demonstrate the software's.

- Estimated 20 hours to develop. 45 minutes to show.
